

The Delta Delta

Sigma Nu Fraternity at The Pennsylvania State University — State College, Pa.

April 2002

Dear Brother:

Look at the list of Sigma Nu brothers to the right and continued on page 5! Do you remember these guys? Just glancing at the names makes the memories rush in:

- Tailgates and parties
- Practical jokes
- Homecoming floats
- Friends and songs
- Lazy times and hard work.

Do you remember the fun? These guys do. Maybe one of them lived down the hall from you, played intramural football on the house team, or listened to you complain about your parents. Here are some of the best friends we ever had.

These alumni from around the country are responding with enthusiastic support. Since our newsletter this past November, 78 brothers have responded to Alumni Commander Don Bain's challenge to support our brotherhood during our time of need. These brothers have voted with their wallets to keep our alumni connected and the undergraduate chapter strong.

These brothers support our newsletters, postcards and events. We want more

undergrads to have the same experiences we did. We want a future generation to enjoy the friendships of the fraternity – and that all depends on faithful alumni.

Can I add your name to the list? Will you join with me and the brothers from your era in keeping the bond strong? Is it worth \$500, \$250, \$100 or \$50 to keep the brotherhood alive?

We have made it easy for you. Just mail the enclosed contribution form with your check. You can even use your credit card.

The 2001-02 giving year started in September 2001. If your name isn't on the list yet, I thank you in advance for your support.

Fraternally,

Michael Sweeney '92,
Worthy Commander, Alumni Chapter

PS: Would you be where you are today without the leadership experiences you gained at Sigma Nu and support of these friends? It takes intentional effort and some money to keep friends connected. And it's worth it.

*Thank you for
supporting
Delta Delta of
Sigma Nu!*

Alumni Board of Advisers Established to Guide Delta Delta Undergraduates and Alumni Work Together to Ensure Firm Financial Condition

By Robert A. (Nellie) Nelson '72, Alumni Property Association President

Because of the precarious financial condition of the chapter, the Property Association and Alumni Chapter jointly requested that the Office of the Executive Director of Sigma Nu authorize the establishment of an Alumni Board of Advisers for Delta Delta. Authorization was received on January 9. The Board will have direct control and final authority on all chapter activities. The members of

the recently formed Alumni Board of Advisers are listed on page 3.

All of the alumni officers and directors are committed to this action and will provide assistance to the Board and the undergraduate chapter as requested by the Board.

The Board's plan of action follows. Estimated dates for completion for each item are in brackets.

1. The Alumni Board of Advisers ("the Board") will hold a mandatory meeting with the undergraduate chapter to explain the Action Plan and obtain a written commitment to that plan from each undergraduate brother. Any brother who is unwilling to fully commit to this plan will be dismissed from further participation in the chapter. Those members who do commit will have an opportunity to...

nity to continue in the rebuilding of the chapter [Meeting was held on January 26].

2. The meeting will be followed by a goal-setting and chapter planning workshop involving all undergraduate brothers and the Alumni Board. [Workshop held January 26]

3. Under the guidance of the Board, the undergraduate members will prepare a rush plan with both short- and long-term goals. This action has already been requested. The plan will be approved by the Board and overseen by the Board's Alumni Chapter representative. [Submitted and approved at the January 26 meeting]

4. Under the guidance of the Board, the undergraduate brothers will prepare a budget to support all chapter activities for the spring semester 2002. In addition, the undergraduate brothers will prepare a proposed house operating budget for the 2002/2003 academic year with the guidance of chapter financial advisers. The budget will include obligations to Sigma Nu (National). [Spring budget completed in February 2002; fall budget, March 2002]

5. Working directly with the Board, the undergraduate brothers will develop and implement a plan to acquire tenants for fall 2002 to make up for any shortfall realized during spring rush. This plan will build on actions initiated in November 2001. [Completed, February 2002]

6. All undergraduate brothers will be required to attend workshops to include, but not limited to, the following topics: (a) Effective planning and implementation of rush; and (b) Chapter financial management and budgeting. [Financial management and budgeting seminar held on March 16, 2002]

7. The Board will review the undergraduate chapter bylaws to ensure that they appropriately address, at a minimum, risk management, individual financial obligations, cleaning responsibilities and conditions for brothers living outside the chapter house. The Board will make revisions as appropriate. [April 2002]

8. Risk management procedures for all social functions will be approved in advance by the Board. [Completed at January 26 meeting]

9. Each undergraduate brother will be required to attend one 8-hour work session per semester for the purpose of chapter house maintenance and minor repairs. Plans for these work sessions will be prepared by the undergraduate chapter, approved by the Board, and overseen by a Property Association representative on the Board. [Last month of each semester during the life of the Board]

10. All undergraduate brothers will be required to sign a lease agreement for the 2002/2003 academic year by the end of April 2002. [April 2002]

11. The undergraduate chapter will appoint a committee to work directly with the Alumni Chapter to develop and implement a plan to improve relations between the undergraduate brothers and alumni. [Completed at January 26 meeting]

12. The undergraduate chapter will appoint a committee to work directly with the Property Association to identify, estimate and prioritize chapter house improvements. [Completed at January 26 meeting]

13. The Board will recommend its dissolution after the Measures of Success (next section) have been achieved. The alumni expect that these measures can be achieved no later than April 2003.

The Measures of Success are:

1. Completion of planning, budgeting and training activities discussed in the Action Plan;
2. Implementation of the rejuvenated rush program;
3. A total of 35 undergraduates living in the chapter house, or signed leases for that total for the subsequent semester;
4. A functioning plan in place to achieve 90 percent occupancy by undergraduate brothers within one year;

5. A functioning plan in place to augment the occupancy of the chapter house with unaffiliated boarders;

6. A demonstrated ability, for at least one full semester, that the undergraduate chapter can comply with all internal financial controls, live within its budget, and not incur an operating deficit; and

7. A demonstrated commitment to the ideals of Sigma Nu and the obligations associated with membership.

As noted above, many of the Action Plan milestones have been achieved. We've had two very productive meetings between the Board and the undergraduate chapter, and we hope to have our 2002/2003 budgets finalized by the time you get this newsletter. We plan to have 22 brothers living in the house next year. To supplement our income, we plan to have 6 to ten boarders living in the house. Our goal is to have all lease agreements distributed, signed and returned by April 20. Because we need at least 30 residents to afford a cook, we plan to have a less costly catered meal service next year.

I'm very impressed with the leadership and commitment demonstrated by the undergraduate chapter during these difficult times. I'm looking forward to working with them to expeditiously achieve our measures of success.

Your generous donations have helped us pay past due debts but without a steady income from the undergraduate chapter, our fixed costs continued to add to our debt load. Our accounts payable totaled approximately \$17,000 in December. To raise some income, we assessed a spring semester out-of-house fee of \$300 for each undergraduate and rented parking spaces to both undergraduates and non-affiliated "friends of the house." We raised approximately \$8,000 from these sources. In addition, we rented rooms to alumni who returned for New Year's Eve, netting over \$1,000. We plan to rent rooms for the Blue-White Weekend (April 19 - 21) as well. However, these sources were insufficient to pay all our debts and meet new costs such as the winter heating bills. As a result, we went to settlement on a mortgage of \$50,000 on January 22. Using the proceeds from this loan and the money raised from

(Continued, Next Page)

the sources discussed above, we are current on all debts. Your continued generosity will reduce the amount we have to use from the mortgage loan and thereby expedite our repayment. The chapter house is generally in good physical condition but it has experienced some wear and tear. The wood floor on the first floor needs to be replaced and the dining room furniture is beginning to show its age. Renovations in these and

other areas will have to wait until the chapter is on firmer financial footing. As you are aware, my predecessor, Bob Leyburn '52, spearheaded a campaign to raise money to renovate the housemother's suite. These funds, totaling approximately \$14,000 have been placed in a separate, interest-bearing account and will only be used for the purpose originally planned. However, the Property Association has concluded that we must

focus our attention on the overall financial condition of the chapter before undertaking any discretionary capital improvements. My personal goal is to initiate renovations of the suite next spring.

Thanks for your continuing support, and I hope to see you on Blue/White weekend, April 19-21!!

Alumni Profile: Chester A. Reed '51

Where are you Robert Free ... Tommy Lukas ... Malcolm Smith?

The following is another snapshot of one of our alumni brothers to help us get to know one another better. Nowadays Chet is semi-retired (he still helps his son out with the produce business that he passed on to him), but the memories of his days at Delta Delta bring a longing to renew old friendships.

Q. Why did you join Sigma Nu?

A. I knew quite a few of the fellows that were in Sigma Nu when I rushed it, and I liked the fraternity.

Q. Tell us about your favorite memory of the fraternity.

A. A few things really stand out in my mind. One is the dining room rapport we all had. We all dressed and we had a very formal atmosphere. I liked that and I liked our fraternity parties and dances we had. I had a great time with them all while we were there, and I'd like to see some of them again.

Q. What kind of influence has the fraternity had on your life since graduation?

A. I think one of the main things was that it taught me a lot of the social graces and manners, which I really appreciated after I got out of college. It helped me in

business, but it also helped me be better just in my social life.

Q. With whom do you still stay in contact? Who would you most like to find?

A. I'm in contact frequently with Robert Leyburn '52, Tommy Rice '52. There are several I'd like to write to and try and get back in contact with. I had a lot of friendships there that I sometimes wish I could reactivate. Robert Free '51 was a very good friend of mine, and Tommy Lukas '51 was a good friend. Malcolm Smith '51, too. There were several fellows that we socialized and had a good time with.

Q. Tell us about your family. Have you married? Do you have children?

A. I've been married to Doris for 51 years and I have three children: one natural and two adopted children. We dated and got married when I graduated. She was working her way through college and lived in town.

Q. What other activities or organizations were you involved with during college days?

A. I was in the Delta Sigma Pi business fraternity.

Q. What is your nickname, and how did you get it?

A. Chet, because it's short for Chester.

Q. Did you live in the house? If so, who were your roommates? Tell us about a memorable time with them.

A. I was there a little over a year and a half. There were different roommates each semester. One was Robert Free '51, another was Tommy Lukas '51, James Gracey '52.

Q. What affiliations do you currently have and/or public service do you participate in?

A. I belong to the Masons and the Shriners. I'm very active in my church. I'm still interested in business.

Q. What hobbies do you enjoy?

A. We do limited traveling. I think my favorite place I went to recently was Punta Cana in the Dominican Republic. We had a very nice vacation there. We've been to Alaska recently, too. Outside of that, I'm very active in my church and the rest of the time I work with my son in the business.

Q. What are your goals for the next few years?

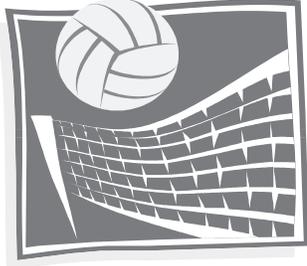

A. I'm going to sit back and enjoy life, enjoy my two grandchildren. A boy and a girl.

Join us for "Snakes in the Sand"

Saturday, April 20, 2002

By Christopher Conboy '03, Lieutenant Commander

"Snakes in the Sand" is almost here! On Saturday, April 20, of Blue/White Weekend, the beach volleyball court will be ready for competition. Every alumnus is invited and fully

encouraged to attend and take part in this spring festivity. We will be barbecuing and sharing stories as the fun rolls into the night. If you plan on coming, please RSVP by calling 814-883-9205 and leave your name, Delta Delta number, and how many are in your party. We look forward to seeing you!

Work Party

By Mike Sweeney '92, Alumni Commander, and Dan Hellmann '05, Marshal and House Manager

On May 4 and 5, the alumni and undergraduate chapters are planning a work weekend to complete minor repairs to the house. A total of 15 undergraduate brothers are committed to stay the weekend after finals to participate.

We are asking our alumni also to help that weekend. You are welcome to stay at the house over the weekend. Any tools that you can bring with you would also be greatly appreciated. The house manager and the house corporation are working on prioritizing a list of projects that need to be completed to gear up for the fall semester. We hope you can join us.

Anyone interested can contact either Mike Sweeney at Mike.Sweeney.B@Bayer.com or Bob Nelson at NelsonNittany@aol.com.

We appreciate your help!

Return to the house to reconnect!

By Johnathan M. Thompson '89, Alumni Chapter Lieutenant Commander

I'd like to thank everyone — undergraduates, alumni, wives, Sweethearts, Little Sisters and friends of Sigma Nu — for your financial, physical and emotional support for Delta Delta in the past months. Your thoughtfulness reminds me why I joined Sigma Nu and underscores that Sigma Nu is a lifetime commitment for all of us.

I have enjoyed reconnecting with the undergraduate members this past year. I have reconnected with many other alumni as well. I highly recommend it. I am proud to call the current undergraduates my brothers. Their successful turnaround has inspired me to work harder and do more for them and for Sigma Nu.

I hope to see more of my fellow alumni at the upcoming events — the spring meeting on the weekend of April 20 (Snakes), May 4 House Improvement Weekend, Arts Festival in early July and Homecoming. There is still work to do; our young brothers deserve our help.

Congratulations to our December 2001 graduates Christopher L. Scott and Joel A. Gladfelter.

Delta Delta Continues to Grow in Experience and Spirit!

By Andy Hackett '04, Commander

The chapter is on a definite upswing.

We have three really strong candidates this semester and four new brothers — Todd Nowlin, Mike Chamberlain, Bill Carmen and Mark Fetterhoff — from last semester. With the help of the alumni receivership board, we are becoming a better fraternity!

We participated in Dance Marathon once again, helping Thon reach a new record of

Andy Hackett

\$3,613,178.61, almost \$3,500 more than last year! Our dancers were Eric Dirk '02, Adam Krugh '03, Dan Seitz '04 and I. We are becoming more involved in community service, in particular forming a strong relationship with the Red Cross, and there are plans to get involved with Habitat for Humanity. Last semester we earned a 3.05 GPA overall, with three brothers on the dean's list. We continue to compete in IM

sports and have high hopes for soccer and track!

The gentlemen in the collegiate chapter are guys I am proud to call my brothers. We have come together in great fashion in hopes of improving the chapter and ourselves. We want to become more involved in the community, improve our LEAD program, increase numbers and become closer with our alumni. Sigma Nu has instilled in us what it likely did with you, a sense of pride. We look forward to seeing you all at "Snakes in the Sand" and throughout the year.

Thank you for supporting Delta Delta of Sigma Nu!
